Each of the four topics should be allocated approximately 30 lessons.

We follow the AQA GCSE History course.

The two exams are 2 hours in length and are designed to test a variety of skills and concepts.

Each paper has Knowledge Organisers and Ever Heard the Word glossary sheets to help students consolidate their subject knowledge. There are also revision workbooks, exam question booklets and revision quizzes to help the students. Students need to be proactive in their revision of the four topics and use the revision materials that we make available.
