

## Pyramid Summary

This is a good way to break down a big topic.

You can choose how to break down the topic and then think of key words and ideas for each mini-topic.

You could also include pictures if you are a visual learner.

For example, you could create a pyramid summary about the reign of Elizabeth I.

1 = The dates of her reign

2 = Her parents

3 = Functions of Parliament

4 = Domestic threats

5 = The Elizabethan Religious Settlement

6 = Foreign policy treaties

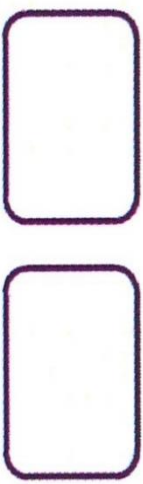

7 = Important events from her reign

8 = Members of her government
